

FULLTIME RETAIL & ONLINE STORE MANAGER

Swimmeroo is Australia's largest stockist of Racing Swimwear and is shortly branching into the supply of OWS specific Wetsuits and Competition Triathlon Suits and Equipment. We are based in central Brisbane and operate the online store www.swimmeroo.com. We also attend in excess of 40 Events per annum as a Merchandise partner and we are Official Sponsors of Swimming Queensland.

We are looking for an individual who would be willing to work with us on a Fulltime basis to help develop and manage the Retail and Online Store element of our business. This part of our business equates to approximately 40% of our revenue and so is a very important area for us.

Responsibilities would include: Retail Management on a day to day basis – Merchandising, Stock management, Customer care, MYOB Retail operating system and day to day interaction with the other areas of the business. Management of the Online Store – ensuring all products are displayed correctly and the correct locations, sizing availability is up to date, new & old products are highlighted and deleted as appropriate. This responsibility would develop into overall site display management and operation of the Newsletter programme.

We are looking for a well presented individual, who ideally knows Swimming and also has a knowledge base within OWS and Triathlon. A key revenue area is the sale of Racing Suits and so understanding of these products is essential. Any applicant should be comfortable in a sales scenario and also able to manage part time staff in what is a close knit working environment. Computer skills are also essential as operation of the MYOB retail system and the online store software will be implicit in the role. Attention to detail would also be a strong requirement. Any necessary training would be offered to fulfil the role.

The Company is expanding quite rapidly and so the role could well develop as the Company grows. We are looking for somebody with a long term interest and commitment. Pay will be commensurate with Retail Management rewards in the area and a commission will also be paid in relation to returns achieved.

Please forward individual details to: gareth@12thman.com.au
